

MV-CONNEX Separable Connectors Size 2, with voltage tap

Standard article no.

- for DIN VDE cables
- for RM-conductor (stranded circular) of aluminium or copper
- for single core cable with copper wire shield without armouring
- with sealing system (bell flange seal and shrink tubing)
- for indoor and outdoor applications
- not soil-resistant and not offshore-proof
- offshore version on request (see product configurator)
- Packaging unit: set with three separable connectors
- 3-core version on request (see product configurator)
- rotatable flange

The picture shows an MV-CONNEX separable connector with voltage tap.

Picture may vary.

Technical Data

Article no.	850 230 050	
Size	2	
Max. system voltage	U_m (kV)	36
Cable specification	DIN VDE	
Capacitive voltage tap	(pF)	with
for cable cross section	(mm²)	50
Insulation thickness	(mm)	8.0
for diameter over conductor	(mm)	7.5 - 8.8
for diameter over PE/VPE insulation	Ø (mm)	23,5 - 27,0
Max. diameter over PE/XLPE insulation	max. Ø (mm)	27,0
